Company data except Broadband Market Share and Population

* Source of Population: Korea National Statistical Office

* Source of Broadband Market Share : MIC

Note: From July 2002 MIC included the number of subscribers of broadband resale providers in the total number of broadband subscribers in Korea.

To reflect such change a market share based on the new counting method is provided in the bracket next to the market share calculated based on the existing method.

Newly added information

- (1) Special: One of Megapass service providing speed up to 13Mbps.
- (2) The number of VDSL technology applied subscribers among Megapass ADSL
